### Reference for Steve Barbe

To whom it may concern,

Steve planned, managed and delivered four music workshops throughout May 2008. This was part of a community project initiated by Hillingdon council. Steve taught children aged 7 to 11 years. His ideas were appropriately adapted and imparted with alacrity. He is a natural performer and leader. The project culminated in a performance at a local theatre – Steve expertly led what was an outstanding final product. He offered far more of his time than contracted, always prompt and vocabulary appropriate.

Without hesitation, I would use Steve in the future.
